FLEXIPOLE POS MOUNTS

FOR INGENICO LANE 3600 PAYMENT TERMINALS

FlexiPole™ from Havis is a versatile pole mount system with bespoke backplate for Ingenico Lane 3600 Payment Terminals.

Havis FlexiPole Stands are designed to offer security through a unique latching system that securely holds the device in place. Accessories, such as locks and tethers, are available for additional security. Simply select the FlexiPole mounting option for your payment device.

- Protects your investment by protecting your PINPad & cables from damage, theft and criminal interference
- Future-proof - if you upgrade your PINPad, you only need a new backplate
- Quick Release, Locking or Tethered Options
- Helps towards compliance with accessibility & disability regulations & PCI DSS/P2PE security requirements
