

DM-1000 FOR HP ENGAGE ONE PRO WITH VESA HUB

INCREASE THE VERSATILITY OF YOUR HP ENGAGE ONE PRO WITH THE DM-1000 SERIES DISPLAY MOUNT FROM HAVIS

The DM-1000 Series from Havis is a revolutionary line of display stands for the HP Engage One Pro with VESA Hub or VESA 100mm Compliant All-In-One and Tablet POS Systems. Available in single or dual/back-to-back configurations, this range of stands offers rotation, limited tilt down and an extended monitor mount bracket to protect and allow cable clearance between the device and stand. The DM-1000 is extremely versatile making it an ideal solution for essentially any industry or use case.

- Create a more versatile and efficient Display or POS solution and enhance user experience
- Designed to last - constructed using the highest-quality materials
- Excellent cable management within the stand to hide and protect cables
- Display can tilt 10° to 160° (limited tilt down to avoid cable damage)
- Stand rotates 300° for optimum user experience
- Highly versatile - suitable for many use cases across a range of industries
- Adjustable tilt and rotation - easily adjust tilt/rotation tension to suit your requirements
- Easy to install - covers snap on without tools
