

**Rugged In-Vehicle Docking
for Zebra ET60 and ET65 Tablets**

The All-in-One Solution for Tablet and Workflow Accessibility

Havis docking stations take the complexity out of going digital in work trucks, waste management vehicles, warehouse forklifts, and more. You get everything you need in an all-in-one solution with docking, electronics, communication ports and power.

The Complete Docking Solution

- Fits 10.1-inch Zebra ET60 and ET65 rugged tablets
- Standard or advanced I/O port replication
- Power supply options include external AC and internal DC (isolated or non-isolated)
- Built-in LED power indicator for easy diagnostics
- Integrated VESA 75 mounting pattern for easy attachment
- Spring-loaded floating connector head for constant contact

Easy Usability With Custom Flexibility

- Easy one-handed docking/undocking
- Compact and lightweight design for easy tablet access
- Easy access to buttons, ports and scanner when docked
- Rounded edges for user comfort and safety
- Keyed lock to deter theft and ensure peace of mind
- Compatible with the Zebra Extended Battery, Kickstand with Hand Strap, Carry Handle, and CAC Reader

Zebra ET60/ET65 Docking Solutions

DS-ZEB-500 Series

Dimensions:

11.1 in. H x 12 in. W x 3.3 in. D
(28.2 cm x 30.4 cm x 8.3 cm)

Certifications & Testing:

Vibration Testing: MIL-STD 810H 514.8

Crash Testing: SAE J1455 30mph

Cycle Testing: Latch handle and docking
connectors 30K cycles

Environmental Testing: Hot/Cold operational
-20° C to 60° C (-4° F to 140° F); Hot/Cold storage
-30° C to 70° C (-22° F to 158° F)

Product Weight:

2.2 lbs. (1.0 kg)

Mounting:

Integrated VESA 75 - mounting pattern

Standard Port Replication:

USB 2.0 (1); power input

Advanced Port Replication:

USB 2.0 (2); Ethernet (1); Powered Serial
(1 @ 5V); power input

Input Voltage Range:

External Havis-approved power supply required
Isolated and non-isolated power supply options available

Havis: Productivity in Motion

For over 80 years, Havis has been a trusted designer and manufacturer of rugged in-vehicle mobile office solutions. We partner with leading automotive and mobile technology manufacturers as well as software developers to develop custom and proven docking solutions to fit real-world applications. With U.S.-based manufacturing including steel and injection molding, we produce solutions for retail & hospitality, public safety, energy & utilities, warehouse & distribution, transportation & logistics, and other demanding environments.
