

MOBILE PROTECT & GO FOR PAX A920

PROTECT YOUR DEVICE AND MAXIMIZE ITS POTENTIAL

Expertly designed for the Pax A920 mobile payment device, Mobile Protect & Go provides an extra layer of protection against drops. All device features including the 5" touchscreen, scanner and camera remain fully accessible while the soft-grip material provides an improved grip experience. This Mobile Protect case ensures optimal operational availability.

- Designed to protect the device and touchscreen from drop damage with rigid overmolded elastomer cover
- Outer elastomer shell creates an improved grip experience while creating minimal added thickness
- Easy access to camera, scanner and charging port to maximize seamless operation and productivity
- Increase security and prevent drops and/or theft with an optional lanyard
