

MOBILE PROTECT & GO FOR INGENICO DX8000

PROTECT YOUR DEVICE & MAXIMIZE ITS POTENTIAL

Case features allow compatibility with Havis Chargers (P/Ns 367-6199)

Expertly designed for the Ingenico DX8000 mobile payment device, Mobile Protect & Go provides an additional layer of protection against drops on all eight corners. All device features, including the 6" touchscreen, camera and printer, remain fully accessible, while the soft-grip material provides an improved grip experience. Compatible with the Havis single-bay and 4-bay chargers, this Mobile Protect case ensures optimal operational availability.

- Designed to protect the device & touchscreen from drop damage & to maintain intended look & feel of device
- Easy access to all device features including full touchscreen, camera, printer & card entry points
- Improved grip experience
- Optional charging solution (single-bay or 4-bay) allows for charging with or without case
- Enhance customer experience & maximize productivity
