

# MOBILE PROTECT & PAIR FOR ZEBRA TC5X AND INGENICO LINK/2500i

## PROTECT YOUR DEVICE AND MAXIMIZE ITS POTENTIAL

Mobile Protect + Pair from Havis physically pairs a Zebra TC51, TC52, TC56 or TC57 with an Ingenico Link/2500i, delivering a single solution that allows retailers to scan, stock check and order via the Zebra device while accepting payments and completing the sale through the Link/2500i

- Unique solution that takes computing power and payments convenience to customers whenever and wherever is best for them
- Access to all features on both devices
- Simultaneous charging of both devices via a single charging adapter option
- Helping major retailers to optimize customer opportunities and increase sales
