

LOSS PREVENTION MONITOR MOUNTING

REDUCE SELF-CHECKOUT FRAUD WITH MOUNTING SOLUTIONS FROM HAVIS

The installation of security cameras and display screens at self-checkouts is an increasingly common loss prevention method for retailers seeking to deter theft and self-checkout fraud.

As a leading provider of off-the-shelf and custom technology mounting solutions, Havis can provide the ideal LP Monitor Mount for your self-checkout.

- Easily mount your chosen technology with Havis's MM-1000, TechTower or custom poles
- Attach to Havis's SC-1000 universal kiosk solution or to an existing self-checkout
- Easy, simple installation and secure mounting of VESA 75/100mm displays
- Deter theft and reduce shrink
- Discourage purposeful mis-scanning of items
