

K9 TRANSPORT SOLUTIONS

K9 SAFETY MEETS DUTY-READY DESIGN

Havis K9 transport systems keep both handler and partner safe on every shift, with secure construction, integrated climate control, and vehicle-specific layouts built for the demands of duty. From configurable storage to modular upgrades, Havis helps your K9 unit operate confidently today and adapt to whatever comes next.

- Secure construction, ventilation integration, and safe transport layouts protect both dog and handler on every call.
- Purpose-built for each platform to maximize space while maintaining clear visibility and easy accessibility.
- Compatible with heat alarm and ventilation systems to help maintain safe interior temperatures.
- Optional integrated storage for training gear and medical kits, plus rear exit and side access configurations for varied operational needs.
- Smooth, easy-to-clean surfaces and noise-reducing design create a calmer, more sanitary environment for your K9.

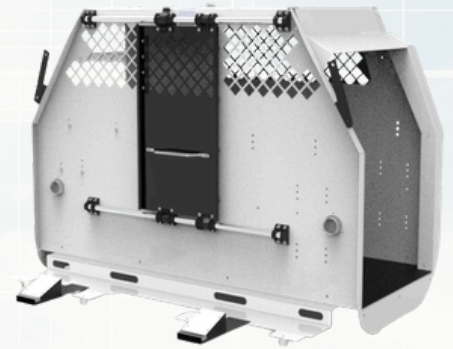

K9 TRANSPORT SOLUTIONS

Keep K9 officers safe and comfortable while on duty or in transit

- Lowest possible floor for ease of entry/egress
- Purpose-built for each platform to maximize space while maintaining visibility and accessibility.
- Front slider door exit offers a full left-to-right range of motion with improved sliders to reduce rattle
- Available in black or white
