# **Specifications**

Working Voltage	5V DC (Standard USB)
Weight	1.6 lbs (0.7 kg)
IP Rating	IP65
Operating Environment	-21° C to 60° C (-6° F to 140° F)
Storage Environment	-40° C to 85° C (-40° F to 185° F)

## **Parts Included**

### Keyboard

### Hardware Kit (HWK-0049)

This hardware kit includes:

- 1. M4 x 10mm pan head screws (5)
- 2. Split lock washers (5)
- 3. Flat washers(5)

Tools required for installation:

• #2 Phillips (to fasten M4 pan head screws)

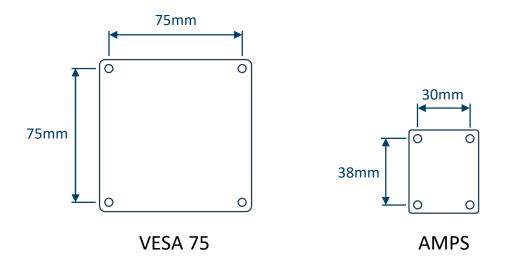

USB C to USB A Adapter (DS-DA-353)

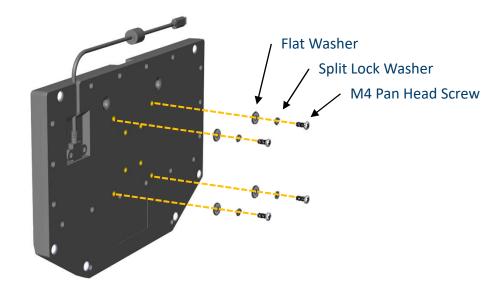

### Installation

- 1) It is recommended to use the Havis Rugged Apple Keyboard with the Havis Rugged Keyboard Mount (part number C-KBM-201, sold separately). This allows for docking, adjustment, and quick release of the keyboard.
- 2) If not using the Havis Rugged Keyboard Mount, first verify that the mounting location is equipped with either a VESA 75 or AMPS mounting pattern.

3) Fasten the keyboard to the mount as per the required mounting pattern. Use the M4 pan head screws (hardware kit item #1), split lock washers (hardware kit item #2), and flat washers (hardware kit item #3) as shown below. Torque screws to 20 in-lbs (2.3 Nm) ± 10%.

4) Plug the keyboard's USB connector to the device or docking station. Turn the device on. Device will automatically detect and install drivers after initiation.

## **Keyboard Functions**

#### Backlight

- FN + DOWN ARROW KEY Decreases backlight brightness.
- FN + UP ARROW KEY Increases backlight brightness.

#### Screen Brightness

- F1 Decreases screen brightness.
- F2 Increases screen brightness.

#### Volume

- **F10** Mutes sound.
- F11 Decreases sound volume.
- F12 Increases sound volume.

## **NOTICE**

- DO NOT USE A STIFF BRUSH.
- AVOID INTENSE SCRUBBING.
- DO NOT USE CORROSIVE CLEANING SOLVENTS.

## **Regulatory Information**

#### Canada

#### **CAN ICES-3 (B) / NMB-3 (B)**

Class B equipment

This Class B digital apparatus meets all requirements of the Canadian Interference-Causing Equipment Regulations.

Équipement de Classe B

Cet appareil numérique de la Classe B respecte toutes les exigences du Règlement sur le matériel brouilleur du Canada.

#### **United States of America**

#### **FCC Compliance**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## **Regulatory Information** (continued)

#### **European Union**

#### Waste Electrical and Electronic Equipment (WEEE)

Electrical and electronic equipment (EEE) contain materials, components and substances that can be hazardous and harmful to human health and the environment when WEEE is not disposed of properly.

Products marked with the "crossed-out wheeled bin" symbol are EEE. The crossed-out wheeled bin symbolizes that WEEE must not be disposed of together with unsorted household waste, but must be collected separately.

For this purpose, all municipalities have established collection schemes where WEEE can be handed in, free of charge, by citizens at recycling stations or other collection points or collected directly from households. Further information should be obtained from the municipality's technical administration.

This symbol on the product or on its packaging indicates that the product must not be disposed of with normal household waste. Instead, it is your responsibility to dispose of your waste equipment by arranging to return it to a designated collection point for the recycling of WEEE. By separating and recycling your waste equipment at the time of disposal, you will help to conserve natural resources and ensure that the equipment is recycled in a manner that protects human health and the environment. This product is EEE and shall not be placed in the municipal waste after end of its life. This device should be handled properly and handed over to appropriate collection places or to authorized companies.

#### Conformité Européene (CE) Mark

The CE marking on a Havis product indicates conformity to the provisions of applicable European Union (EU) directives. The EU Declaration of Conformity (DoC) is the manufacturer's declaration that the product complies with those directives.

#### **EU Authorized Representative:**

Alura Group B.V. Kroonwiel 2, 6003 BT Weert, Netherlands

#### **United Kingdom**

#### **United Kingdom Conformity Assessed (UKCA) Mark**

The UKCA marking on a Havis product indicates conformity to the provisions of applicable European Union (EU) directives and United Kingdom (UK) legislations. The UK Declaration of Conformity (DoC) is the manufacturer's declaration that the product complies with those directives and legislations.

#### **UK Authorized Representative:**

Tailwind Solutions Limited
Unit 2a Castle Business Centre, Queensferry Road, Pitreavie Business Park
Dunfermline Fife, KY11 8NT
Scotland, United Kingdom
