4	5/16" Flat washer	16186
4	5/16"x 2" Bolt	16339

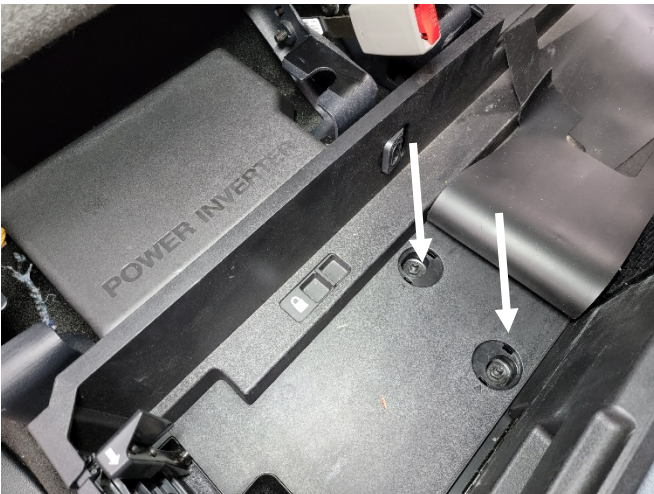

View of back seats of F-Series crew cab

If equipped with OEM under seat storage bins, lift up mat to expose fasteners.

Remove cover plates to expose fasteners.

Remove (4) OEM nuts. These will not be reused.

Place C-SBX-104 under seat storage box into vehicle. Center in vehicle and place up against OEM seat base.

Slide 5/16" x 2" bolts partially through slots in top of SBX.

Place spacer between SBX and seat base. Slide the bolt through the spacer and into seat base.

Add 5/16" serrated nut to end of bolt.
Do not tighten yet.

Repeat process for remaining bolts.

Tighten all hardware.

Install divider into box if desired using T-20 hardware.

Installation is now complete.
