

HAVIS CORE POWER INVERTERS

POWER THAT DELIVERS

Havis Core Power (**CS Series**) is built to cover your essential mobile power needs with high quality Pure Sine Wave AC Power, at a price that is suitable for any fleet.

Designed for straightforward fleet installs and everyday onboard loads, Core Power delivers clean, reliable Pure Sine Wave performance in right-sized configurations: 600W, 1,000W, and 2,000W

- USB-A Power Port 5V x 2.1A
- DC-AC inverter system with advanced technology
- Generates Pure Sine Wave AC power to operate & protect
- >89% efficiency for longer run time & lower discharge
- DC input range of 10.5Vdc to 15.5Vdc

HAVIS CORE POWER INVERTERS

- US AC Power Receptacle
- Internal GFCI
- Metal body and molded end caps creates safe operation and secure mounting regardless of orientation

PART DETAILS

PART NUMBER	DC INPUT	WATTAGE	DIMENSIONS (LXWXH)	WEIGHT
CS12-600	12V	600	10.04" x 6.65" x 3.03"	4.35LBS
CS12-1000	12V	1000	12.17" x 8.39" x 3.27"	6.6LBS
CS12-2000	12V	2000	12.24" x 11.38" x 3.70"	10.35LBS

CERTIFICATIONS & TESTING

DC INPUT	12VDC
DC VOLTAGE RANGE	10.5V - 15.5V
OPERATING TEMPERATURE	0C TO 40C (32F TO 104F)
SURGE RATING	200% OF CONTINUOUS POWER RATING
EMC STANDARDS	FCC CLASS B
EFFICIENCY	>89%, 90%, 89%
STANDBY RECOVERY	FIVE SECONDS
