

CHARGING SOLUTION FOR CASTLES S1E2L

ENSURE YOUR DEVICE IS ALWAYS CHARGED & READY TO GO MOBILE

Expertly designed for use with the Castles S1E2L mobile payment device, with or without a Havis Mobile Protect Case, our single-bay and four-bay charging solutions provide convenient and reliable drop-in charging. With a Havis Charging Solution, you can ensure your Castles mPOS devices are always ready to go mobile, whenever and wherever the customer is ready to checkout.

- Configurable system can be tailored to specific requirements
- Use with or without Mobile Protect Case (367-6205)
- Ensure mobile payment devices are always charged, accessible & easy to find
- Easy to use - simply place device onto charger

	MOBILE PROTECT CASE	SINGLE-BAY CHARGER	4-BAY CHARGER
